

# The Bavarian-Ethiopian Alliance for Applied Life Sciences

Juliane Glovania, Project Coordinator

August 2021

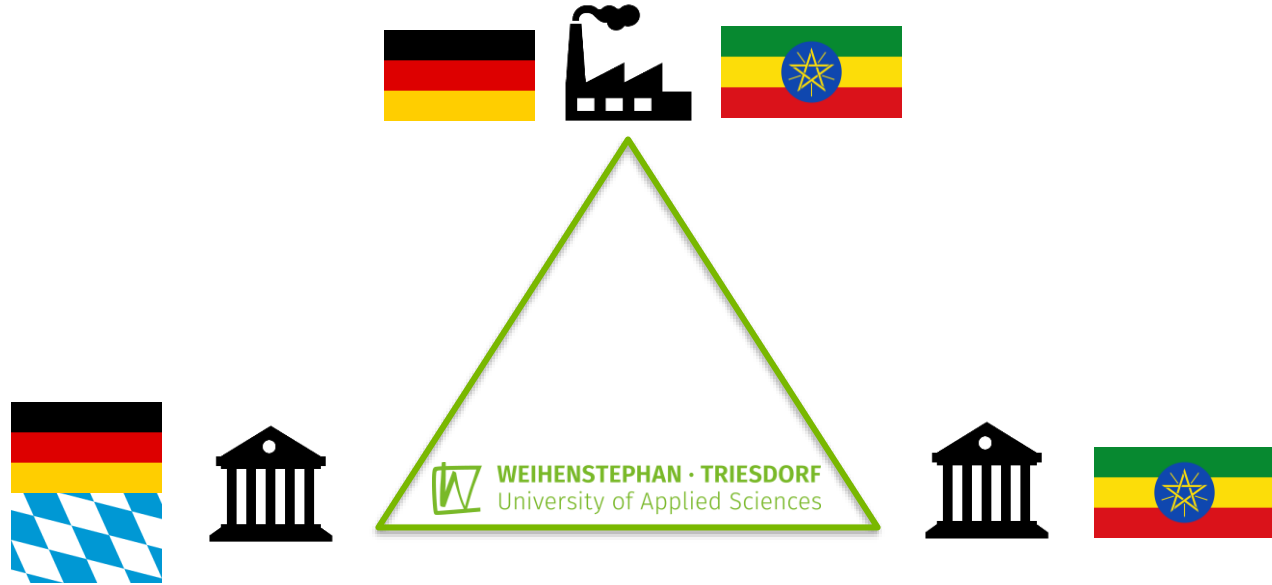

Managing the Use of Land  
Lecture swap  
By Sayeh Kassaw (PhD)

STRUCTURES FOR SHAPING A SUSTAINABLE FUTURE

The slide features a central diagram with a blue circle in the middle, surrounded by eight smaller circles connected by lines. The surrounding circles are labeled: 'Water', 'Energy', 'Land Use', 'Ecosystems', 'Society', 'Economic', 'Governance', and 'Institution'. The central blue circle is labeled 'Sustainable Development Goals'. The diagram is titled 'STRUCTURES FOR SHAPING A SUSTAINABLE FUTURE'.

# The Bavarian-Ethiopian Alliance for Applied Life Sciences

**Network of Hochschule Weihenstephan-Triesdorf University of Applied Sciences and several Ethiopian and Bavarian partners**

# The Bavarian-Ethiopian Alliance for Applied Life Sciences

Started in  
**October 2019**

Part of HSWT  
**Network Africa** and  
the HSWT  
**Internationalisation  
Strategy**

Funded by the  
**Bavarian  
government**

## Goals of the Alliance

Building a **long-term network** between **Ethiopian** and **German partners** in the field of academic education and training

**Further developing the model of University of Applied Sciences** with Ethiopian partners

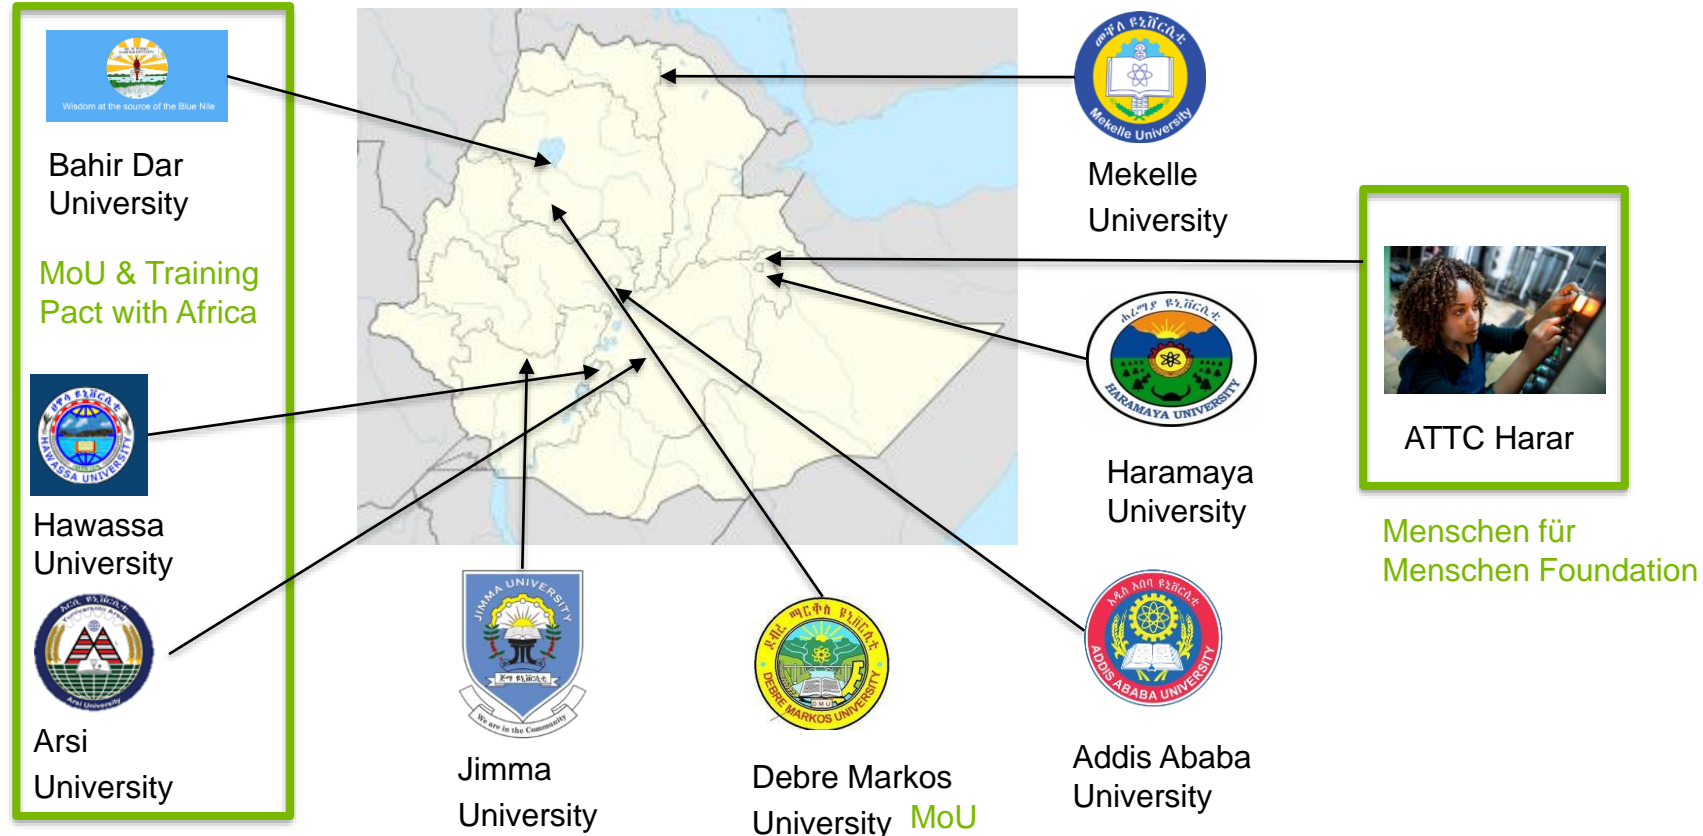

Fostering **applied teaching** and **practical elements** in the **area of life sciences** at Ethiopian universities

*Applied Sciences  
for Life*

# Ethiopian partner universities

# German Partner Institutions

Bayerische  
Landesanstalt  
für  
Landwirtschaft

Haus der bayerischen  
Landwirtschaft Herrsching

Haus der  
bayerischen  
Landwirtschaft  
Herrsching

Confirmed partners

and further future partners...

# Thank you for your attention.
