A INTRODUCTION

The evaluation of the deliverable was carried out in the period from 12.12.2025 to 17.12.2025. The purpose of this procedure is to examine the quality, relevance and level of completion of the project deliverable. This evaluation combines fact-finding, descriptive assessment and attitudinal approaches.

FINDINGS

1. A short description of the produced/achieved deliverable: The deliverable is a set of training reports from facilitated webinars for HE teachers and youth trainers. It aims to enhance youth employability and promote sustainable agricultural development by leveraging virtual exchanges and empowering young people in the agricultural sector.

During the webinar, the below topics were introduced to participants, and they are the running themes of the project which the internships will aim to expand further.

- Understanding e-internship as participation opportunity
- Civic participation and advocacy
- Twin transition
- Intercultural dialogue in e-internship
- Entrepreneurship competence
- Business play & virtual company simulation
- Career guidance and counseling in internship

5. The **CAs' visibility rules** (logo, disclaimer, etc.) have been respected in appropriate way.

6. The **EU GDPR rules** have been respected in appropriate way.

7. **Strong aspects of this deliverable include:**

- The breakrooms provided a platform to share ideas with people from different countries and exposed the participants to a wide range of perspectives from people of different educational, occupational background and country of region,
- The content of the topics were relevant and useful,
- The presentations were done in a clear manner.

8. **Weak aspects of this deliverable that should be improved include:**

- The introduction part lacks more relevant information,
- It lacks the exact number of participants and images from when the webinars were in session,
- As per feedback from the participants, their roles weren't communicated clearly to them,
- The time allocated to the presentations were short as per feedback from participants. Some also cited that the topics covered in a day were a lot for them to handle.

B CONCLUSIONS & RECOMMENDATIONS

The introduction section should be like an Executive Summary to allow the reader to get an overview of the report. It should be exhaustive and cover the key themes in the report. For instance, what were the topics covered?

INTRODUCE the deliverable in a clear and concise manner and provide more details.

COMPLETE section 2 on Webinar planning.

PROVIDE the **exact** number of participants.

LIST / HIGHLIGHT the **four** main topics as opposed to the seven listed in the report.

REPLACE the screenshot of the webinar program in the annex section with a **clearer** one.

ADD the **participant list** in the annex as the current one is the registration list.

ADD the group photo from the zoom meeting.
