### CONSENT TO THE USE OF PERSONAL IMAGES

Name: THEMBENI MAZAMISA

Address: #10 28 JUTA STREET, BRAAMFONTEIN 2001

Occasion of the photographs: AGRI-MOCKS KON

Date: 24/04/25

1. The Agri-Mocks Program intends to take pictures of people
  - to make them publicly accessible on the Internet and/or electronic newsletters
  - on any of the partner institutions' homepages and/or
  - to be published in the program's print publications (e.g. the annual report or information brochures (e.g. newsletters and flyers),
  - or on the program's official social media accounts.

Images of persons in this sense are photos, graphics, drawings or video recordings, which depict persons in an individually recognisable way. Images of persons may be published if they are used in research, as part of the program's events and publications.

2. I hereby consent to the taking of the aforementioned images of myself taken within the framework of the above-mentioned occasion or series of occasions, which are part of the AgriMocks program. The rights to the images of persons are granted without remuneration and also include the right to edit them, provided that the editing is not distorting.
3. The undersigned consents to the making available of individual photographs, such consent being revocable at any time for the future. However, the consent of the undersigned is irrevocable in the case of multiple person images and similar group images), unless the interests of the person depicted are clearly weighed in favour of the person depicted.

In the event of revocation, corresponding individual photos may no longer be used in the future for the purposes stated above (points 1 and 2 above) and must be deleted immediately from the relevant internet and intranet sites without delay. Insofar as consent is not revoked, it shall be valid for an unlimited period of time, i.e. for an unlimited period of time, i.e. possibly also beyond the end of membership of the university.

Consent is voluntary; refusal or revocation of consent does not result in any disadvantages.

4. Data protection notice:
 

Due to the intended use on the internet, the images of persons can be accessed and stored worldwide. Corresponding data can also be found via so-called "search engines". It cannot be ruled out that other persons or companies link this data with other data available on the internet, change the data or use it for other purposes. Through the archive function of search engines, the data can often still be retrieved even if the information has already been removed from the above mentioned internet activities.
